We embrace. We engage. We empower.

Help Bring the **Burke ROAR Center** to Life!

Floor Plan

The Burke ROAR (Reach Out and Achieve Results) Center is St. Joan Antida High School's **largest capital improvement in 14 years** and will soon serve as the school's central hub for collaborative learning and skill-building.

The Burke ROAR Center will be designed to allow for small group discussions as well as open meeting areas for classes, student clubs, professional development for faculty, and community gatherings. There will be a dedicated presentation space as well as a student-run café.

Building upon our Career Pathways (Business, Healthcare, IT/Engineering), we envision an SJA Career Center where students will experience **hands-on learning that will build skills and confidence to best prepare them for college and career**. The Burke ROAR Center will serve as the foundation for this larger vision.

We offer the following investment opportunities that directly support collaborative student learning in the creation of the Burke ROAR center.

Collaboration Space

- Equipment/Technology: \$15,000
- Furnishings: \$25,000

Presentation Space

- Equipment/Technology: \$15,000
